### PROCEDURES FOR ENROLLMENT AND PROOF OF RESIDENCY

Under MGL, Chapter 76, Section 5, every person "shall have the right to attend the public school of the town where she/he actually resides." The following procedures will be followed in order to verify a student's residency:

Before any student is enrolled in the Whitman-Hanson Regional School District, the student's parent or legal guardian\* must prove legal residence in the towns of Whitman or Hanson. Children whose primary residence is outside of Whitman or Hanson are not eligible to attend the Whitman-Hanson Regional School District. Residency means the domicile where a child spends the majority of her/his time. The standard Whitman-Hanson uses is simple: The law is very clear that the determination for residency lies in the establishment of "domicile" – where the student resides, as determined by the establishment of where the center of her/his domestic, social and civic life is, and this is where one is to attend school. This standard must be the first step met before a family seeks to demonstrate the residency of the child.

All applicants must submit at least three proofs of residency.

The documents must be pre-printed with the name and address of the student's parent or guardian. \* When registering a student for Whitman-Hanson Public Schools, the district Registrar will confirm residency. These documents also will be required for any **change of address**.

*I/we* understand that all applicants must reside in Whitman or Hanson (Massachusetts General Laws, Chapter 76, sec 5 every person shall have a right to attend the public schools of the town where he/she actually resides, subject to the following section. No School Committee is required to enroll a person who does not actually reside in the town unless said enrollment is authorized by law or by the School Committee. **Any person who violates or assists in the violation of this provision may be required to remit full restitution to the town of the improperly attended public schools.** No person shall be excluded from or discriminated against in admission to a public school of any town, or in obtaining the advantages, privileges and courses of study of such public school on account of race, color, sex, religion, national origin or sexual orientation.

## Home Language Survey Whitman-Hanson Regional School District

Massachusetts Department of Elementary and Secondary Education regulations require that *all* schools determine the language(s) spoken in each student's home in order to identify their specific language needs. This information is essential in order for schools to provide meaningful instruction for all students. If a language other than English is spoken in the home, the District is required to do further assessment of your child. Please help us meet this important requirement by answering the following questions. Thank you for your assistance.

## Massachusetts Parental Notice for One Time Consent to Allow the School District To Access MassHealth (Medicaid) Benefits

School District Name and Code: Whitman-Hanson Regional School District 07800000

School/District Contact: Michael Losche

#### Dear Parent/Guardian:

The purpose of this letter is to ask for your permission (also known as consent) to share information about your child with MassHealth. Local communities in Massachusetts have been approved to receive partial reimbursement from MassHealth for the costs of certain health-related services provided by the district to your child (or children). In order for your community to get back some of the money spent on services, the school district needs to share with MassHealth the following types of information about your child: name; date of birth; gender; type of services provided, when, and by whom; and MassHealth ID.

With your permission, the school district will be able to seek partial reimbursement for services provided by MassHealth, including, among others, a hearing test or eye exam; a school physical; occupational or speech or physical therapy; some school nurse visits; and counseling services with the school social worker or psychologist. Each year, the district will provide you with notification regarding your permission; you do not need to sign a form every year.

The school district cannot share with MassHealth information about your child without your permission. As you consider giving permission, please be advised of the following:

- 1. The school district cannot require you to sign up for MassHealth in order for your child to receive the health-related and/or special education services to which your child is entitled.
- 2. The school district cannot require you to pay anything towards the cost of your child's health-related and/or special education services. This means that the school district cannot require you to pay a co-pay or deductible so that it can charge MassHealth for services provided. The school district can agree to pay the co-pay or deductible if any such cost is expected.
- 3. If you give the school district permission to share information with and request reimbursement from MassHealth:
  - a. This will not affect your child's available lifetime coverage or other MassHealth benefit; nor will it in any way limit your own family's use of MassHealth benefits outside of school.
  - b. Your permission will not affect your child's special education services or IEP rights in any way, if your child is eligible to receive them.
  - c. Your permission will not lead to any changes in your child's MassHealth rights; and
  - d. Your permission will not lead to any risk of losing eligibility for other Medicaid or MassHealth funded programs.
- 4. If you give permission, you have the right to change your mind and withdraw your permission at any time.
- 5. If you withdraw your permission or refuse to allow the school district to share your child's records and information with MassHealth for the purpose of seeking reimbursement for the cost of services, the school district will continue to be responsible for providing your child with the services, at no cost to you.

I have read the notice and understand it. Any questions I had were answered. I give permission to the school district to share with MassHealth records and information concerning my child(ren) and their health-related services, as necessary. I understand that this will help our community seek partial reimbursement of MassHealth covered services.
